Hi Nicole,

We received the below request for publication to OFR, unfortunately the OFR web portal only supports MS Word files with the file name ending in ".docx", I believe your file was saved in ".doc". You will need to re-save the file in MSWord "docx", and will need to have the document re-signed, because the current signature will be invalid after resaving the document. You can resubmit through EAMS.

Let me know if you have any questions.

Thank you,

Stephanie W.
